PIANO, VIOLIN AND HARMONY LESSONS

By Great Master Musicians

An ounce of proof is worth a pound of promise. We have a solid wall of proof from graduate students. Better still, we will submit lessons for inspection without cost.

More than thirty of America's leading Universities now offer instruction by the University Extension Method. Fully two-thirds of the work required for a degree from the best colleges can be taken by this method.

University Extension Conservatory, proprietor of The Siegel-Myers School, with a faculty composed of master teachers in all branches of music, is the only recognized Conservatory of Music giving lessons by the University Extension Method grading examination papers on each lesson. Our teachers dictate individual personal letters to correct faults and make clear all doubtful points. The instruction of a Master—the individual touch of an accomplished teacher—is yours to command from the very moment you enroll.

We publish compositions by Fred Bacon Mr. Foden and Mr, Siegel.
